***Journal of Fluorescence* and CFS Reception**

On Sunday the 15th February 2004, 1.00–4.00 pm, both the *Journal of Fluorescence* and Center for Fluorescence Spectroscopy, CFS, held a welcome reception for our fluorescence community co-workers attending the 48th Annual Biophysical Society meeting in Baltimore.

The reception was attended by colleagues from all over the world. We would subsequently like to thank you all for attending and thank you for your support,

informative comments and *Journal* suggestions. It was a pleasure to be in the company of so many people sharing similar scientific interests.

Many Thanks
Chris D. Geddes
Editor-in-Chief, *The Journal of Fluorescence*
Joseph R. Lakowicz
Director, *The Center for Fluorescence Spectroscopy*
